

THOUSANDS ARE KILLED IN RIOTS AT ODESSA AND BESSARABIA

Reign of Terror Exists at Kieff Where Fifteen Hundred People are Slain

FATHER GAPON IS CONDEMNED TO DEATH

Assassination of Lieut. Gen. Sakharoff Causes Great Re- joicing Among Russian Revolutionists—Arsenal Seized and Rifles Given to the People.

VIENNA, Dec. 7.—(Bulletin.)—Fugitives just arrived here state that conditions in Odessa and Bessarabia are desperate. During the rioting in the last few days they assert, 8,000 persons, including many students, have been killed.

REIGN OF TERROR AT KIEFF.

BERLIN, Dec. 7.—The local branch of the Russian revolutionists has received information that a reign of terror exists at Kieff. Reports say that drunken mobs of roughs are massacring Jews, students and middle-class reformers. According to the report, 1,500 have been killed, of which 1,000 are Jews.

FR. GAPON CONDEMNED TO DIE.

ST. PETERSBURG, Dec. 6.—Via Edytgubnen, Dec. 7.—The assassination of Gen. Sakharoff has caused the greatest rejoicing among the revolutionists, who openly declare he was killed according to their orders to show the bureaucracy that tyranny will be put down with bloodshed.

The revolutionists declare the mutineers at Ekaterinoslov have captured the arsenal and seized 10,000 rifles which were distributed to the people. The town of Novorossisk has surrendered to the mutineers. At Elizabetopol a mutiny has begun and there has been fighting at Askaniand.

Father Gapon was on Wednesday condemned to death by the tribunal named by the central revolutionary committee. Emissaries have been named to carry out the sentence. Treachery to the cause of the people is charged.

KOREAN DEEPLY TOUCHED BY NEWS

BUT HE MAY NOT FOLLOW THE NATIVE CUSTOM OF SUICIDE

Since It's Not Usual in This Country,
Doesn't Know Just What
He Will Do.

New York, Dec. 7.—Coming to the United States to lodge a formal protest with the United States government against the establishment of the Japanese protectorate over Korea, Min Yung-Tehau, late Korean minister to France, was informed upon his arrival of the tragic death of his brother, Min Yung Whan. The brother, who was formerly Korean minister to the United States, took his own life at Seoul several days ago as a protest against the Japanese protectorate. Min Yung-Tehau was unprepared for the news and was almost prostrated when informed of his brother's death. In Korea, when a man takes his own life it is the custom for his brother also to commit suicide. Mr. Min said, however, that he could not prophesy this future action.

"I know it is not the custom in this country to do such a thing," he said. "I do not know what I shall do. I cannot say."

MOSCOW TROOPS

Are Latest to Mutiny—In Kieff Battle Twenty-Two Killed and Forty Wounded.

London, Dec. 7.—A dispatch to a news agency from St. Petersburg dated Dec. 5 says that 22 were killed and 40 wounded at Kieff after a regular battle. A dispatch of the same date from St. Petersburg to another news agency, sent by way of Edytgubnen, says that three battalions of infantry at Moscow have mutinied, but no details are given. The same dispatch says that a general strike has been declared at Kharkoff.

Officials Under Arrest.

Moscow, Dec. 5 (via Edytgubnen, Dec. 7).—M. Panferov, president of the bureau of the centers of postal and telegraph offices, and other members of the bureau, were arrested.

CRASHED INTO PIER OF BRIDGE

TEN BARGES OF COAL ARE LOST IN OHIO RIVER OFF CINCINNATI.

Tow Boat Had Close Call—Almost a
Miracle That No Lives
Were Lost.

Cincinnati, O., Dec. 7.—Ten thousand tons of coal and 10 coal barges, all of a value of not less than \$50,000, were lost in the Ohio river under the Chesapeake and Ohio railroad bridge. It was almost a miracle that no lives were lost. The steamer Coal City, one of the most powerful towboats in the river trade, came down from Pittsburgh with a string of 20 barges, each containing 1,000 tons of coal. Under the suspension bridge the swift current turned the tow end across the stream. The Coal City did everything in her power to right matters before reaching the Chesapeake and Ohio bridge, but without avail. The rushing current carried the tow straight against the south pier with a terrific crash. Ten barges upended and each dumped its 1,000 tons to the bottom. The balance of the barges broke loose. The Coal City, which careened dangerously in the crash, was fortunately saved from serious damage.

SIX DAY RACE

Ten Teams Still in the Bicycle Con- test—Bedall Bros. Are Still Leading.

Madison Square Garden, New York, Dec. 7.—Ten teams still survive in the six days bicycle race. Interest in this annual grid seems to increase, judging from the attendance. Bedall Brothers are still in the lead and are likely to hold it, barring accidents, until the final tussle Saturday. They are ever watchful and neither one of them loses a chance to get an advantage.

ENORMOUS SLUMP CRASH IS FEARED

St. Petersburg, Dec. 7.—An enormous slump in Russian securities has taken place closing at 74. Many clubs and banks are in a precarious position and a general financial crash seems imminent.

ASSASSINATED

Lieut. General Sakharoff is Shot and Killed by a Woman.

St. Petersburg, Dec. 5 (via Edytgubnen, Prussia, Dec. 7).—Lieutenant General Sakharoff, the former minister of war, was assassinated today. The government had deputed General Saratoff to visit the province of Saratoff for the purpose of quelling the agrarian riots there. A woman belonging to the so-called "flying columns" of the revolutionary movement called at the house of the governor at Saratoff at noon today and asked to see General Sakharoff. She fired three revolver shots at the general, killing him on the spot. The tidings reached St. Petersburg tonight. Count Witke charged.

GENERAL SAKHAROFF.

Lieutenant General Rudiger, minister of war, with the task of breaking the news to Madame Sakharoff.

The newspapers here printed harrowing details of the whipping, by order of General Sakharoff, of the peasants whom he was sent to pacify.

The situation throughout the nation does not clear. The worst features of the extension of the troubles in the army are coming in slowly from diverse regions. The mutinies at Kieff and Veronezh are not yet quelled, and it is now reported that outbreaks have occurred among various regiments in Poland.

The telegraphers tried to meet at the hall of the technical society to discuss the ways and means to keep up the strike, but they were compelled to disperse by a police captain, backed up by a squadron of Cossacks, on the ground that they were violating the regulations. The League of Leagues has called on the workmen and on all friends of freedom to donate a day's wages to the cause of the telegraphers, and has warned the railroad telegraph operators that they must cease to transmit any except service messages.

Premier Witte's task is hourly becoming harder, and many persons sincerely believe that his downfall is imminent. The reactionary influences are now openly clamoring for repression and a dictator. In the meantime the distracted premier continues his negotiations with the zemstovists, whose aid in the present crisis he regards as vital.

The delegation sent by the zemstvo congress to consult with Count Witte addressed a communication to the premier in which they pointed out that they were not speaking for themselves, but for the great mass of the people of the country, when they demanded universal suffrage. They said it was a fact that universal suffrage would be contrary to their interests, but that only thereby could the country be saved from anarchy and ruin.

The so-called landlords' congress at Moscow, which was comprised of representatives of a number of reactionary organizations, like the Banner Bearer and Holy Alliance of Russian Patriots, seemed to have the cue to attack Premier Witte. Detailed mail reports of the sessions show that the congress bitterly assailed the premier, who, the speakers said, was leading Russia to perdition, and pronounced for the emperor and the antiquated zemstvo system.

Another American heiress joined the British peerage through the marriage of Eloise, daughter of the late W. L. Brewster of New York, to Lord Wiltshire Eresby, heir of the Earl of Ancaster.

WOMAN IS INDICTED.

Fairmont, W. Va., Dec. 7.—The grand jury yesterday indicted Mrs. Helen May Payton for murder in the first degree. Her husband, Jacob H. Payton, died suddenly at Mannington, W. Va., last July, and it is alleged she administered strychnine to him.

JEWISH RELIEF FUND.

New York, Dec. 7.—The fund for the relief of the sufferers from the Russian massacres now totals \$1,070,762.07.

OYAMA WELCOMED.

Tokio, Dec. 9.—Field Marshall Oyama, commander of the Japanese army during the recent war, accompanied by his staff, entered the city this morning. Great crowds of people welcomed home their hero. A general holiday was declared. Oyama was driven direct to the palace.

LAWYER PATRICK LOSES HIS CASE

CONDEMNED MAN ADDRESSES THE COURT IN HIS OWN BEHALF.

He Alleged There is No Direct Evidence That Millionaire Rice Was Murdered.

New York, Dec. 7.—Lawyer Patrick re-sentenced to die in the electric chair for Millionaire Rice's murder, when given permission to address the court, told of his change of counsel, stating that he did not have with him an attorney who had represented him at his trial.

"Since then," he said, "I have discovered new matters which I conceive present very legal reasons to stay the court in this proceeding and I believe also that the court has the power to grant me relief. This appeal is not merely for protection, but I am asserting my legal rights. I now have my day in court and if I have any legal reasons why I should be heard I should assert them."

"Be brief, please," said Justice Rogers.

"It frequently happens in a case of murder," continued Patrick, "that the dead persons or the supposedly dead persons turn up. I am not going to say that Wm. Marsh Rice will turn up alive, but in case where life and liberty are at stake your honor has the right to review the case if the conviction was obtained by fraud. The question is whether Wm. Marsh Rice was killed. I am ready to show by newly discovered evidence, that the district attorney knew he was not killed, and that that district attorney knew at the trial that false, fraudulent, and that the district attorney produced for the purpose of convicting a person presumed to be innocent. I am ready to show that I know that the evidence was produced with the knowledge of the district attorney—I don't mean any particular persons (pointing to District Attorney Jerome)—to accomplish a false and fraudulent conviction."

Justice Rogers stopped Patrick to ask if his counsel hadn't covered the case for him. Patrick said he had not, and went on:

"One of the judges of the court of appeals had such illegal interests."

"There will be no discussion of that," said Justice Rogers. "I fancy I have reached a conclusion."

Patrick said he would like to have incorporated in the record that anything that went on in the court should not be a bar to an application for a new trial in general sessions.

"I hold," said Justice Rogers, "having inquired into the circumstances that no legal reason exists against executing this sentence."

"You refuse to specify," said Patrick.

"I have not specified," said the court, and sentenced him to die the week of January 22.

It was remarked that Patrick's presentation of the case was much clearer than that of his lawyers. He was taken back to Sing Sing.

New York, Dec. 7.—After making a final personal plea to the court in his own behalf, Alvin T. Patrick, the lawyer, convicted of the murder of Millionaire William M. Rice, was sentenced to die in the electric chair in the week beginning Jan. 22 next. Sentence was pronounced by Justice Rogers in the criminal branch of the state supreme court. Notice at once was given that an appeal to the supreme court of the United States on a writ of error would be taken. The application for the writ, it is said, will act as a stay of execution. Patrick was taken back to Sing Sing.

When Patrick was allowed to proceed in his own behalf he urged that there was no direct evidence that Rice had been killed, and requested his claim to be heard. Justice Rogers then ordered Patrick to stand up, and sentence was pronounced.

SHAW'S REPORT

Is Submitted to House and Senate Thursday Noon at Washington

HE URGES PROMPT ACTION

AN ELASTIC CURRENCY IS URGED BY SECRETARY OF TREASURY

Panama Canal Appropriation Put to Vote—Day's Doings in National Congress.

Washington, Dec. 7.—By a vote of 136 to 121 the house today in committee of the whole reduced the amount of the \$16,500,000 asked as an emergency appropriation for the Panama canal to \$11,000,000.

New York, Dec. 7.—Senator Depew returned from Washington this afternoon. His attention was called to the renewed reports that he was to resign from the senate but he declared there is absolutely no truth in the story.

Washington, Dec. 7.—"The necessity for an elastic currency," says Secretary of the Treasury Shaw in his annual report, which has been submitted to congress, "has received fresh emphasis in the financial conditions of the last few months. I suggest the advisability of permitting national banks to issue a volume of additional government guaranteed currency equal in amount to 50 per cent of the bond-secured currency maintained by them, but subject to a tax of 5 or 6 per cent until redeemed by the deposit of a like amount in the treasury. By eliminating the words 'secured by United States bonds deposited with the treasurer of the United States' from national bank notes now authorized, the additional currency would be identical in form with that based upon a deposit of bonds, and its presence would not alarm, for it would not be known."

"No new and distinct or unguaranteed form of money should be injected into our system. The tax would be ample, and more than ample, to cover the risk to the government in guaranteeing redemption. Manifestly this additional currency would not spring into being until interest rates exceeded 6 per cent, and it would as promptly retire when rates became normal. Under these or any similar provisions 10 per cent money would be well nigh impossible, and the treasury department would be saved a most embarrassing responsibility."

According to the report, there is a deficit of \$23,004,228.60 in the United States treasury. The entire receipts for the year ending June 30 last were \$637,101,269.55. The expenditures for the same period were \$720,105,498.55. Senator Culberson introduced a bill making it a felony for an insurance or any other corporation to contribute money or anything of value toward the election of a president or a vice president of the United States. It is likewise made a felony for any person to knowingly use for such campaign purposes any money contributed by a corporation. The bill prescribes a penalty of not less than two years or more than 20 years' imprisonment.

Another Flood of Bills.
Several hundred bills and resolutions were introduced in the senate and referred to committees. There were resolutions dealing with the question of the national regulation of insurance companies, the incorporation of interstate railroad companies, and the contribution of funds to political parties by national banks. Mr. Foraker presented his railroad rate regulation bill; Mr. Gallinger his merchant marine bill; Mr. Lodge a bill providing for a maximum and minimum tariff rate schedule in the interest of reciprocity, and Mr. Culberson a bill making it a penal offense to use the money of insurance companies in politics.

The Esch-Townsend railroad rate bill, which passed the house at its last session, was redrafted and reintroduced by Mr. Townsend. The bill embodies the views of President Roosevelt.

The bill appropriating \$16,500,000 for canal work will be read for amendment this afternoon and placed on its final passage. The feature of the debate on the bill was the criticism indulged in by both Republicans and Democrats regarding the incompleteness of the statement of expenditures and estimates furnished by the canal commission. Mr. Hepburn, in charge of the bill, made some effort to show that while detailed estimates must be more satisfactory, at

the same time members of the house were not in a position to pass critical judgment on estimates for such work prepared by expert engineers, who held responsible positions and had been selected entirely because of their fitness.

Bourke Cockran of New York took decided exception to this attitude on the part of Mr. Hepburn, applied it as affecting all matters of appropriation and arraigned it as decidedly the wrong attitude of legislators. To enforce his argument he read the sentiment of the president in his message for economy and scrutiny of appropriations. The so-called "press agent" of the canal commission was criticized by several speakers, and lack of definite information as to the existence of such a position was shown. The place was declared to carry a salary of \$10,000 a year, and some curiosity was manifested to know what were its duties.

14,000 WOMEN ARE DESERTED

THAT NUMBER IN CHICAGO, ILL., STRUGGLING TO MAKE A LIVING.

Statement Made by Man Who Has Started a Crusade in the Windy City.

Chicago, Dec. 7.—"Fourteen thousand women, deserted by their husbands, are struggling to make a bare living in the city of Chicago. This estimate does not include the rich, who, under the convenient charge of 'desertion,' secure a high toned divorce. It means the poor women who are deserted by worthless husbands." These statements were made by Superintendent W. L. Bodine, of the compulsory department of the board of education Wednesday, who has started a crusade against fathers who fail to support their families. He stated that the campaign would not be abandoned until every wife deserted in the city is brought to justice.

INFLUENCE

Is Brought Upon Governor Bell to Commute the Woman's Sentence

BUT EXECUTIVE STILL FIRM

MARY ROGERS DOOMED TO DIE FRIDAY AFTERNOON

Percival Clement Writes Gov. Bell That Mrs. Rogers Was and Is Still Insane.

(Bulletin.)

Windsor, Vt., Dec. 7.—Influence of a political nature has been brought to bear upon Governor Bell to commute the death sentence of Mrs. Mary Rogers to life imprisonment. Percival Clement, a Rutland millionaire, candidate to succeed Governor Bell, has written a letter to the governor, urging him to reprieve Mary Rogers until after the legislature meets next fall, and states if elected governor he will use all his influence to have capital punishment abolished. Clement expressed the firm opinion in his letter that the woman is insane and was insane at the time the deed was committed.

Windsor, Vt., Dec. 7.—A report is current this afternoon that Governor Bell will hold a conference at White River Junction tonight with the attorney general and the sheriff. The reasons are not given, but the story is told that the governor would reprieve Mrs. Rogers.

WOMAN'S FINAL CONFESSION.

Windsor, Vt., Dec. 7.—Though only a few hours of life remain, Mary Rogers awaits, unmoved, indifferent to the call to the gallows. There will be no collapse when the time comes to lead her to the place of death. Father Delaney heard her final confession this morning. "She is calm and will meet her end quietly," said the priest after he left the prison. She displayed no concern today when the sheriff read the death warrant.

PETITIONS GOV. BELL.

Cincinnati, O., Dec. 7.—Miss Jessie M. Parton, who left this city yesterday afternoon for Vermont with 40,000 petitions signed by readers of the Cincinnati Post asking Governor Bell to commute the sentence of Mrs. Rogers to life imprisonment, reached Rutland at noon today. She wires that she has an appointment to meet the governor at 3 o'clock tomorrow morning at White River Junction, when the petitions will be presented.

SHOULD HANG

Says the Governor of Vermont of Mrs. Mary Rogers.

South Bend, Ind., Dec. 7.—"If ever woman should hang, Mrs. Rogers is that one," was the declaration of Governor Bell of Vermont, who was the guest of Aaron Jones, former master of the national grange, at the latter's home in this city. The governor said all that remains in the case is to see that the sentence is carried into effect. He says he is not concerned about the case.

Attorneys Have Hope.

Rutland, Vt., Dec. 7.—Attorneys for Mrs. Mary Rogers, whose execution is fixed for Friday next, have not given up hope of obtaining another reprieve from Governor Bell, who is now on his way home from Chicago. They will go north for the purpose of intercepting the governor and presenting to him certain papers which they have prepared.

ADMIT GUILT AND GO TO JAIL

Chicago, Dec. 7.—Wm. McSwain and Wilbur Cole pleaded guilty today to the charge of conspiracy to extort money and were sentenced to 30 days in jail. The men attempted to obtain money from Armour & Company because of certain letters which they had filched from the company and which they claimed would be valuable to the government in the prosecution of the beef trust cases. No testimony was taken nor were the letters offered in evidence.

Herbert J. Hagerman, who will succeed Miguel A. Otero as governor of New Mexico when the latter's term expires in January, was seen yesterday to the United States embassy at St. Petersburg while Mr. Hinchbrook was ambassador.

DESERTED WIFE

Is Caring for the Children of the Woman Who Left When Her Husband Disappeared.

Toledo, Dec. 7.—Returning home from work Henry Neireiter found his two babies lying on the floor of his dining room crying pitifully and their mother nowhere to be seen. One is 7 months and the other 2 years old. Neireiter then learned that William Blair, who lived adjoining, was missing, and neighbors told him that a dray had taken away his wife's trunks.

Mrs. Blair confirmed his suspicions, telling him that she had for some time known that her husband had been attentive to Mrs. Neireiter. She was terribly bruised about the face, which injuries she claimed were the result of an assault by her husband when she accused him of the infidelity.

When it was seen that the mother of the babies would not return Mrs. Blair promptly offered her services, and is now caring for the children of the woman who now believes eloped with her husband. The police have been notified.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send for, in stamps for sample to The Herpicide Co., Detroit, Mich.

TRACK TEAM

At Denison is Ready for the Cross Country Run December 16.

MEN ARE NOW IN TRAINING

COURSE WILL BE RUN FROM JOHNSTOWN TO BEAVER FIELD

Captain Rogers Sending Out Letters of Invitation for the Big Interscholastic Meet Here in May.

The Denison track team will soon be ready for the first cross country run in which every member of the team will probably take part. This is a new departure for Denison athletics though among the large colleges the event is an annual one. For those who are not familiar with such athletic events, it may be briefly explained.

The members of the team who are desirous of entering the race will start on the morning of December 16 at Johnstown at a given signal and take the most direct route to the athletic field at Granville. This distance is ten miles. On account of the violence of this exercise, the event is pulled off in mid-winter.

The athletic board of Denison has offered a beautiful silver loving cup to the winner of the race. Great interest is being taken in this event and as it is the first one Denison has experienced the results will be watched carefully and the runners will be assured of a goodly crowd on hand at the finish.

Captain Lyman Rogers of the track team at Granville has been busy with letters of invitation to the Ohio High schools and schools out of the state for the big interscholastic track meet which will be held in Newark next May. This event was pulled off at Idlewild park last June when only a few weeks were given to getting up the event.

More than eighteen high schools were represented and it is thought that fully 50 track teams will be represented next May at the second annual meet. The prizes this year will be more beautiful than ever. The medals will be finer than ever.

Among the schools which will probably be represented besides many Ohio schools are North and South Division High schools, Hyde Park High school and Lewis Institute of Chicago. That North Division High school will send a team is certain. Boynton Rogers, a brother of Captain Rogers of Denison, has been chosen captain of the North Division team, and will probably bring a number of his best men to Newark for the Denison meet.

JOHN D'S. SON

Joined Heartily in Chorus of Song, "Everybody Works But Father."

New York, Dec. 7.—His head thrown back, mouth open to the limit and voice sounding loud and clear above the voices of 250 companions, John D. Rockefeller, Jr., led the chorus of the song: "Everybody works but father" at the class dinner of the young men's Bible class in the Hotel Vendome last night. The chorus rang out loudly and the voice of the son of the house of Rockefeller and heir to the millions of the Standard Oil company was one of the loudest in the room. "He hangs around all day" followed the unflinching melody and made a hit and the smile on the face of young Rockefeller indicated that he appreciated the sentiment expressed. After joining in singing of the song twice Rockefeller and Everett Colby addressed the class members. The only beverages served at the dinner were coffee and clear cold ice tea.

Columbus, Dec. 7.—Dr. Washington Gladden never heard of the song till a reporter sang it to him today. He listened intently, smiled and then laughed.

"What do you think of it, Doctor?"

"Nothing at all," he replied.

"What do you think of a son of John D. Rockefeller who would sing it?"

"Nothing."

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

ON STATE LAND

Buckeye Lake Man Makes Discovery and Secures Lease for 15 Years. Property Deeded to Him.

S. A. Holtsberry has discovered his hotel at Buckeye Lake is situated on the property of the state. Some years ago he bought a strip of land running down to the lake from a private citizen and built his hotel on it. When the state surveyors came along they discovered he was on the state land. The person who had sold him the land had simply sold him state property and made a deed for it.

The state in the meantime had leased the place to the Alum Creek Ice company for the purpose of cutting ice.

When Holtsberry discovered the situation he got a waiver of their rights from the ice company and Monday he filed an application with the canal commission for a lease for 15 years of the land on which the hotel stands.

FOR NEWARK POOR

The Salvation Army has begun its annual winter collection for the benefit of the poor of the city and "kettles" are being placed on the square in which to deposit for this excellent cause.

Every year the Salvation Army takes up this work and the poor of the larger cities are greatly helped by donations distributed by these people in their noble efforts for the needy ones.

Few people of Newark realize the large percentage of poor and needy within the city for the reason that few people have an opportunity of seeing and being among these people as the Salvation Army workers. Now, as the season is approaching, and the time of year when so many can be happy by summing up the good results of the year, why not assist in making a few of the homes brighter on Christmas day, by dropping ten, twenty-five or fifty cents in the Salvation Army "kettles" as you pass them. You don't miss a dime, but some needy sufferer in our city will be a thousand times thankful.

Mrs. David Thomas and mother, Mrs. Elizabeth Franklin, have returned from Kenton, where they have been visiting at the home of Mrs. Thomas' daughter, Mrs. Charles Mager, for a few days.

To President Theodore Roosevelt.

(Pittsburg Post)

To you, Mr. President, The Post deems the time most appropriate to address a few questions, the pertinence of which will be readily apparent. During the last presidential campaign Judge Alton B. Parker made the charge that the Republican National campaign committee, under the leadership of George B. Cortelyou had received large sums of money from corporations to promote your election, and with the expectation that in consideration of such contributions the donors would reap substantial benefit. You replied with much indignation, denying that corporations had been blackmailed into making such contributions, and asserting that the statements made by Judge Parker were unqualifiedly and atrociously false. Now, Mr. President, in view of the evidence produced before the New York legislative committee which has been probing the manner in which the funds of the life insurance companies have been squandered, and which shows the unlawful payment of large sums to the Republican National campaign fund by the officers of these companies, we would like to ask whose utterances were nearest the truth, those of Judge Parker or your own?

In view of these life insurance company revelations, don't you think, Mr. President, that it is your duty to send for Mr. Cortelyou and for Mr. Cornelius N. Bliss, who received these unlawful contributions from the insurance companies' officials, and demand a rigid explanation of their conduct? Don't you think such action a duty owing to your fellow-citizens? Don't you think it would be a Christian act for you to assist the investigating committee in bringing out other disgraceful facts concerning corporation contributions to campaign funds? Don't you think such action due to the poor men and women who have been deluded and robbed of their honest earnings for the benefit of the Republican party, and indirectly for your own advantage. Mr. President?

Although differing entirely from you politically we have nevertheless taken great pleasure in congratulating you and the country on many of your actions, and therefore feel at perfect liberty to appeal to you in this matter. For there is no politics in our request. It is simply an appeal to your sense of fairness, and is made because of the fact that there is no other man in this broad land who occupies such a position as yours, or who has such power to compel a least a part of the truth to be told by the men who were engaged in robbing life insurance policy holders and stockholders of their earnings. We therefore urge you to insist that the New York legislative committee and its counsel, Mr. Hughes send for Mr. Cortelyou and Mr. Bliss and require from them all the vital facts as to the campaign contributions solicited or received by them. It is already known that insurance and other corporation officials unlawfully contributed large sums of money belonging to policy holders and stockholders, many of them poor or of

moderate means, and who belonged to all parties, to be used only for the benefit of the Republican party. It is also known that such contributions were made with an understanding, express or implied, that some valuable return was to be made, either through the action or inaction of Federal or State officials and lawmakers, or because of the holding out of some such tempting bait as the offer of an ambassadorship to France for young Mr. Hyde, which caused the looting of his company for a \$50,000 gift to the campaign fund. Such practices, if continued, must prove utterly subversive of all honest government.

Judge Parker when he accepted the Democratic nomination for President set his face like flint against them when he announced that his campaign committee must not receive any such tainted contributions. You, Mr. President, have expressed abhorrence of such practices and a great incredulity concerning their existence. Since then, however, testimony has been given which must have opened your eyes. Certainly the situation now developed is one calling for such action as once we have indicated, and we again earnestly appeal to you to take it.

BOOST NEWARK

Columbus Dealers are Not Only Capital City People Who Get Newark Dollars.

(Communicated.) I was much interested in the article published in Tuesday evening's Advocate relative to out of town purchasing. The article was admirable and well expressed so far as the merchants' side of the question was concerned but let us look, if you please, at the other side for a moment.

It is true, too many people go to Columbus to do their shopping when they could do just as well, if not better, in Newark; but some of those who complain most are themselves doing the very same thing for which they are criticizing others.

Too many out of town contractors are let. Merchants and business men who expect the patronage of home people ought to set the example by employing Newark people so far as possible. Newark has architects, contractors, mechanics, artisans, physicians, lawyers, just as good as those to be found elsewhere.

Money paid by business people to these out of town folks stays away from us as surely as do the dollars that are spent in Columbus retail stores for we know that Columbus people hold Newark in such contempt that they would not leave enough money here to pay for a meal unless they should be so unfortunate as to miss the car for Columbus.

Again let me say that I heartily approve of the Advocate's article urging people to buy their goods here in Newark but at the same time I want to suggest that the business people who profit by sales to home people should themselves remember to spend their money at home and thus they would have a chance of getting at least part of it back again. Money taken to Columbus, whether for mechanical, professional services, mechanical appliances or what not, usually stays there. Let all join in "boosting" the town of Newark. It ought not to be a one-sided proposition. ADVOCATE READER.

REV. FR. PILGER IS LAID TO REST

HE DIED WITHOUT LEARNING OF HONORS THE POPE HAD CONFERRED ON HIM.

Former Newark Priest—Soul Pure, His Mind Brilliant.

Lancaster, O., Dec. 7.—The funeral of Rev. Fr. Pilger, who years ago was pastor of St. Francis de Sales church at Newark, was held yesterday from St. Mary's Catholic church. Business houses were closed during the services and the funeral cortege was the largest in the history of the city.

Rt. Rev. J. J. Hartley, bishop of Columbus, conducted the requiem high mass and made an address, in which he said that while he was in Rome a few weeks ago the Pope conferred on Father Pilger the honor of Domestic Prelate of the Papal Household with the title of Monsignor, and entitled the bearer to wear purple, but the deceased priest never knew of the honor conferred on him, as he died while Bishop Hartley was en route home.

The funeral sermon was delivered by the Rev. Mr. O'Reilly of Columbus, and priests from surrounding cities were present.

Never in the history of Lancaster has grief been more profound or sympathy more sincere than that occasioned by the passing out of the spirit of Father N. E. Pilger.

He was an extraordinary man—one of thousands, whose soul was as pure as his mind was brilliant. Inside and out of the church, his good judgment was revered, his sage advice accepted and his acts were unimpeached. He did nothing but what was right and his great, big, generous heart had no apartment for wrong.

Gov. Pattison Stopped in Alabama on His Way to Florida—Talk With Cunningham.

Montgomery, Ala., Dec. 7.—Possibly half a dozen people knew that Governor John M. Pattison, of Ohio, spent eight hours in Montgomery on Tuesday en route to points in Florida, where he went to relax after the strain of the recent political campaign. He arrived here at 11 o'clock Tuesday morning and left at 7:45 o'clock over the Atlantic Coast line.

His presence here was kept a secret. He did not desire to be known and registered as an ordinary individual at a hotel. He called upon a local real estate and insurance company, which is the agent for the insurance company of which Mr. Pattison is president.

While dining later at a fashionable restaurant, Mr. Pattison was introduced to Lieut. Governor R. M. Cunningham, of Alabama, who is a candidate for governor. The two had a long chat, but Mr. Pattison pledged Mr. Cunningham to secrecy until he was safely out of town. While at lunch a newspaper representative appeared, but he little knew that Mr. Pattison was the coming chief executive of Ohio.

It is said here that only the family of Mr. Pattison and his most intimate friends in Ohio know where he is. He came unheralded and went away unannounced at his own request.

OLD SOLDIERS

Enjoy a Meeting of Cider and Gingerbread Club at Levi Frenier's Home.

Last evening at the pleasant home of Levi Frenier, 376 Granville street, the Cider and Gingerbread Club of the Grand Army met. Thirty-two soldiers were present. Twelve of them were original members of the organization at the same house 20 years ago. It was a grand reunion of old veterans. Supper was called and about half the party sat down at the first table. Col. Kibler, with the balance of the old vets, had to wait for the second table. The Colonel remarked that it carried him back in thought to the boyhood days at home when he always had to wait for table No. 2. Comrade Inscho led off in the remarks. He wondered how Mrs. Frenier could live so many years with so humble a man. Brother Courrier took the state of the meter and turned on a full head. Captain Smith kicked the ushers. One objected and the speaker took it back before she could speak. Griff Rosebrough sang all the songs he knew. His wife was not present. Mart Hartshorn was quiet. The apple crop was short and watermelons did not mature. Two of the party were blind, still they could reach everything in sight. Everyone drew pensions except a few who could not find any person to vouch for them. Captain Lovett had his watch out about 10 o'clock, but he was told the club did not run on laundry time. The moon went down about 11 o'clock, but most of the boys objected to being out by moonlight, yet adjourned without date or place.

"LARRY" NEAL'S WILL IS HELD UP

Wife Out Entirely—Girl Friends and Other Relatives Get the Money.

Chillicothe, O., Dec. 7.—The will of the late Lawrence T. Neal, which was to have been probated yesterday, is held up because of complications that have arisen concerning its disposition. The estate is worth about \$100,000. Neal's property has been bequeathed to friends and relatives other than his wife, whom he married after such provisions had been made, and this situation has developed a legal mix-up that will require adjudication before the estate is disposed of.

One of the legatees was the daughter of Judge Safford, with whom Neal made his home for a number of years. She is now the wife of Henry Staats of Cleveland. Her bequest is said to amount to \$30,000. A sister in Parkersburg, W. Va., and several nephews were also remembered. It is said that before his death Mr. Neal asked that certain changes be made in his will, but it seems they were not made.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional Remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. SHE OBJECTED

To Having a Dog Eat at the Table and Sued the Pittsburg Merchant For Divorce.

Pittsburg, Dec. 7.—Because she objected to the wish of her husband to have the house dog which was of no particular breed, eat at the table, Mrs. McCroy asked for a divorce from her husband William, a well-to-do merchant of a Pittsburg suburb. Upon her refusal to carve for the dog, Mrs. McCroy says her husband pushed her into a corner, nearly breaking her back, then went into another room, tore up her tea gowns, swearing as he did so. Then he left and stayed out all night.

JAPANESE GIRL GIVES AN ADDRESS

INTERESTING FEATURE OF THE MISSIONARY CONFERENCE AT BAPTIST CHURCH.

Young Woman Appeared in Native Costume and Spoke Japanese Which Was Translated.

A most interesting feature of the Missionary Conference, the closing session of which was held on Wednesday evening at the Fifth street Baptist church, was the talk by the young Japanese lady, Miss Kiku Ishihara, who addressed the congregation for several minutes in her native tongue, Mrs. Henry Topping interpreting.

Miss Ishihara is a very interesting young lady, one of the very few Japanese ladies in Ohio. She gave a very interesting talk upon the subject of her conversion to the Christian religion and gave a few remarks regarding the Japanese customs, which were very interesting indeed. Miss Ishihara is of the caste known as Samurai, who represent the fighters and warriors of Japan, and she numbers her ancestors to the 81st generation, all of whom were buried in the one Buddhist cemetery in Tokyo.

The age of Miss Ishihara is twenty-years. At 12 she entered a Baptist mission school in Japan, where she remained until her graduation four years later, when she went to enter a kindergarten school in Tokyo, with which Mrs. Topping was at that time connected. Miss Ishihara was later, principal of this school for two years. She came to America last summer, having been here since August, and after the completion of a general education at Granville, Miss Ishihara will study kindergarten teaching here.

Five interesting talks were given by the Rev. T. C. Fields D. D., and Prof. C. L. Williams, which contained the sentiment which appealed to all present.

A male quartet composed of F. F. French, Prof. W. W. Nussbaum, Ben Hoover and George Mitchell, sang three excellent numbers in a very pleasing manner.

Although the attendance at the conference was not very great, Dr. Bennett expressed himself as greatly pleased with the interest shown.

DELAWARE GIRL IS INFATUATED

AN ALIENIST IS NOW IN CHARGE OF HER RESTRAINT AT COLUMBUS SANITARIUM.

Miss Mary Simpson of Delaware Held in Mild Restraint at the Park View.

Columbus, O., Dec. 7—Miss Mary Simpson of Delaware, Ohio, is occupying quarters in the Parkview Sanitarium, on Dennison avenue, in charge of a trained nurse and under mild restraint. The physician in charge of her case is Dr. H. C. Rutter, for many years at the head of the Gallipolis Hospital for Epileptics and a noted alienist. She arrived at the sanitarium in charge of her brother, coming to this city from Delaware.

Upon inquiry Dr. Rutter said that his patient was suffering from hallucinations, involving among other things a supposed attachment for a doctor whose name she kept repeating at intervals. This name he refused to make public, because of the embarrassment it might create for the doctor involved through her aberration, he being in no way responsible. He admitted that she had been induced to accompany her brother by the ruse of sending a telegram with the name of the doctor signed to it. Further than this Dr. Rutter refused to give any information concerning the patient or her brother. As to her condition he declined to make prediction, as she is now under observation.

Miss Simpson is about 30 years old and is reported to be worth \$20,000. The doctor with whom she is said to be madly infatuated she met in Chattanooga, N. Y.

HOBSON COMING

Merrimac Hero is to Lecture in Taylor Hall Next Thursday Night, December 14.

Capt. Richmond Pearson Hobson, late of the United States Navy, will lecture in Newark, December 14. Although he receives one of the largest fees of any lecturer at present on the American platform, the Y. M. C. A. Entertainment Course have secured him for the third number on this year's course. The committee felt confident that the Newark public would turn out in large numbers to hear this brilliant young naval hero.

He will deliver his "great lecture 'America's Mighty Mission'—a lecture that has created a veritable sensation wherever he has given it. Captain Hobson is proving himself, not only a great orator and thinker, but a mature student of international affairs. His lecture next week will be an event of more than ordinary significance.

Inasmuch as the seating capacity of Taylor Hall is limited, all who want to make sure of good seats should reserve them early.

THE W. C. T. U.

A good meeting was held Tuesday afternoon in the church parlors with a large attendance.

Mrs. Gridley led the half hour devotional services and used the Sabbath school lesson of December 3, found in Nehemiah 4, chapter 7, and the golden text, "Watch and Pray", for our help and consideration.

The business of the union was then attended to and reports of superintendents given as is the rule on the last Tuesday of each month.

Next week's meeting will be a responsive reading led by Mrs. Cole. All are welcome.

AMUSEMENTS

AUDITORIUM TONIGHT.

Grace Van Studdiford and her superb company in "Lady Teazle" at the Auditorium tonight.

Seats now on sale for the great Saturday show, "My Wife's Family."

DESERTED AT THE ALTAR.

The Auditorium offers one of the best entertainments of the season, to its patrons in "Deserted at the Altar" which is booked for Monday, December 11. The scenery carried is very heavy and the scenes laid in the Adirondack mountains, set to the initial and final acts, develop the atmosphere of that picturesque region in a fashion which must appeal to the artistic eye. Diversity is given to these scenes because one shows the mountains in their summer dress, while the other presents them shrouded in snow. The scenes for the intervening acts are laid in and around New York and include a swell drawing room, the interior of a church with a bridal party at the altar, the den of a gang of counterfeiters who are surprised by detectives, and a thrilling race between an automobile and a bicycle. The many electrical effects appeal to the eye and produce pictures not easily forgotten.

CRESTON CLARKE.

That there is a tendency towards acceptance of the higher ideals in dramatic art is evident from the unanimous success with which Creston Clarke, in the beautiful comedy romance, "Beaucaire" has met wherever this unusually high class combination has appeared this or last season and judging from the substantial interest being manifested in this artistic in the forthcoming visit of this actor in the above named gorgeous production, a large attendance is assured. "Beaucaire" is just such a creation as fits the genius of Creston Clarke, inasmuch as it combines all the requisites of a wide range of acting, blending the humorous and grave in adroit fashion.

DUKE OF KILLICKRANKIE.

It may naturally be supposed that the most perfectly refined performance of the season will be "The Duke of Killickrankie," which will be at the Auditorium soon. Mr. Charles Froh-

ROSE COGHAN.

approval; of course the cast demands high-class players; Rose Coghlan will play Mrs. Mulholland and Mr. Lynn Pratt will be seen as the young Duke; other prominent members of the company are Miss Nina Phillips and Wallace Brinkley. The story of the play deals with the manner in which the eccentric Killickrankie deceives Lady Henrietta Addison to an inaccessible castle in the Highlands, where, with the assistance of a young member of Parliament and a rich widow, he manages after various trying but amusing situations, to win the fair lady's consent to be his wife. The Empire theatre equipment will be used.

THE HEIR TO THE HOORAH.

"The Heir to the Hoorah" was produced at the Hudson theatre, New York, in mid-Sept. and ran on until July 15, outrunning all dramatic offerings of contemporaneous presentation, and setting the record all but one of the specially prepared summer musical shows. The new comedy will be seen at the Auditorium Dec. 26.

CONCERT POSTPONED.

On account of the inability of several of the musicians to take part tomorrow night the concert-recital in Taylor Hall has been postponed until Friday night, December 15.

A full line of Christmas pictures at Edmiston's.

ACKNOWLEDGE IT.

Newark Has to Bow to the Inevitable. Scores of Citizens Prove It.

After the reader has read the public statement of this representative citizen of Newark given below, he must fairly, squarely and honestly come to this conclusion: A remedy which cured years ago, which has kept the party in good health since, can be relied upon to perform the same work under similar circumstances. Read this:

Charles W. Manville, carpenter, of 24 South 4th St., Newark, O., says: "I have found Doan's Kidney Pills to be all that they are claimed to be. They cured me of a bad case of back ache and inaction of the kidneys brought on by the grip. I was laid up for some time. My kidneys seemed to be sluggish and the secretions were irregular. At the same time I suffered terribly with pain in the back over the kidneys. There was a constant, dull aching varied with sharp twinges of pain that would strike me at all hours of the day and night. I tried different remedies without effect and had nearly given up hope when I began using Doan's Kidney Pills, bought at Craton's drug store. The result was a cure and a decidedly lasting cure. In 1890 I told of my case in a public statement and now that eight years have passed I can point to my own experience and say that Doan's Kidney Pills make permanent cures."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

SPURNED FORTUNE FOR HER LOVER

Pittsburg Girl Marries a Boss Carpenter in Ohio, Refusing \$100,000 to Leave Him.

Youngstown, O., Dec. 7.—"I would not trust you; no, I wouldn't; even if you did offer me \$100,000 to leave William," said pretty Louisa Bagnell at the police station when an irate stepfather arrived to find her and her husband in charge of the police. He had telegraphed from Pittsburg that his stepdaughter eloped with William Meider, a young boss carpenter, and he claimed that both were under age.

The stepfather, immediately after the daughter left home to take a music lesson, suspected that all was not right and found that the couple had left the city. They were arrested just as they were about to secure a license and held until his appearance. He is a wealthy man of Pittsburg, and owns stock in a number of concerns there. The girl is a niece of Wm. Bagnell, the steel magnate.

There was a whispered conference between the father and daughter and she indignantly spurned his entreaties and asserted that he simply wanted to get them back into Pennsylvania to keep them from marrying.

"We are of age and you cannot stop us," they declared, and went to the probate office for a license. Later they were married by Dr. S. R. Frazier of the Tabernacle U. P. church.

Oppose Execution.

Cleveland, O., Dec. 7.—The executive board of the United Women of the Republic, in session here, sent the following telegram to Governor Bell of Vermont: "The United Women of the Republic hereby ask you to extend clemency to Mary Rogers. It would be a shame and a disgrace in this enlightened day to execute a woman who, for her actions, was irresponsible at all times. We pray God will show you the way to avoid the execution of this woman."

Farnsworth Will Contest.

Toledo, O., Dec. 7.—The house of representatives will be called upon to decide whether Louis Paine (Rep.) or Watson Farnsworth (Ind.) is entitled to a seat in the house from this county. Greenville, O., Dec. 7.—The mayorality contest growing out of the recent election was decided by a jury, which declared T. C. Maher, Democrat, elected. Each received 825 votes, and cast lots, as provided by law, and A. N. Wilson won. The detonation caused a second explosion of some powder near by, which shook the whole countryside for miles around and caused great alarm. The cartridge building was wrecked by the second explosion. Two boys were injured by the explosion of the cartridge machine.

Col. Perry Stops Drinking.

Columbus, Dec. 7.—Colonel D. L. Perry, a well known auctioneer, will address an audience at the church of Dr. Westerville at Parks Mills, tonight, on the subject of temperance. Colonel Perry has, for many years, been one of the "good fellows" of Columbus, and he has, according to his own statement, spent more than \$14,000 for liquor during his life. He says he drank a quart of whiskey a day for years. However, he has experienced a change of heart and espoused the cause of temperance.

Mr. Goff not thinking that the stone was valuable, gave it to his cousin, Mr. Chaney, and when the pearl was examined by Mr. Brooke it was found to be a splendid specimen, weighing three-fourths of a carat and of good color. The pearl is worth probably \$25.00.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. M'CALL TO RETIRE.

Such is the Report at New York. Depew's Resignation.

New York, Dec. 7.—A report is published to the effect that President John A. McCall of the New York Life will resign from that company before the next annual meeting of the trustees in April. The published report also stated that the presidency of the New York Life has been offered to John C. Chaffin, and that Mr. Chaffin has refused to accept the office.

The resignation of Senator C. M. Depew as a director of the Equitable Life Assurance society was one of the most interesting developments in the situation growing out of the life insurance investigation. The senator's resignation was tendered to President Paul Morton of the Equitable society in a brief note, in which no reason for it was stated.

Regarding the report that he was about to resign the presidency of the New York Life, John A. McCall said: "I believe that the policy-holders are for me. Nobody has asked me to resign, and I do not expect to."

Capt. W. S. Cowles, brother-in-law of President Roosevelt, has been relieved of the command of the battleship Missouri, and on December 1, went to Washington as a naval attaché at the White House.

PHONOGRAPH IS HEARD IN COURT

TO SHOW THAT TRAINS ON THE
ELEVATED ROAD MAKE
MUCH NOISE.

Damage Suit Against Boston Elevated Has Some Novel Features Introduced.

Boston, Mass., Dec. 7.—For the first time in legal annals the sound record of a phonograph was admitted as evidence in the Superior court in a "noise" damage suit against the Boston Elevated Railroad. The admission was not, however, without objection on the part of General C. Bartlett, late Democratic candidate for governor, counsel for the defense.

Judge Wait said that the objections were the same as those urged against the admission of photographs and radiographs, so he allowed the phonograph to be run in the confined space of the courtroom.

When the machine, on a table facing the jury, was started, a voice was heard from the horn saying: "Record No. 7." This was followed by the light rumbling of street traffic, and the voice announced: "The train is now at the Beach street station." The rumbling then continued somewhat louder than before, and the voice announced: "A tip car is now passing." The rumbling grew louder and the voice announced: "The train has just started." This was followed by an increasing rumble and the announcement: "The train is approaching." The noise rose with the characteristic clatter and bang of a passing train, and diminished to that of the usual traffic of the street. The voice was heard for the last time, saying: "The train has passed."

QUEER SPELLS HAS YOUNG MR. WHEELER

Morrow County Sheriff Gets Man at
Mt. Vernon—He Was Here
Recently.

Mt. Vernon, Dec. 7.—Sheriff Frizzell of Morrow county, was in Mt. Vernon yesterday, his mission being to secure custody of Ray Wheeler, who has been in jail here the past 10 days under the name of "Sharkey" Williams. The young man, it will be remembered was arrested at Dr. W. W. Pennell's office on account of his strange actions. At the time he was laboring under a spell of some sort and could give no information as to his name or place of residence. Two or three days later he was identified as a Mt. Gilead man and the authorities there were notified. Wheeler's mother placed the charge of lunacy against him and the warrant was put into the hands of Sheriff Frizzell, who returned with his prisoner last night.

The sheriff states that Wheeler is a married man, but that he has not been living with his wife for some time. Judging from what the official states Wheeler does not bear the cleanest sort of reputation, and it is from some of his habits that he has gained the sobriquet of "Sharkey."

During a conversation with Officer Butcher a few days ago Wheeler stated that he frequently suffers the same sort of trouble with which he was afflicted when arrested and that he had been troubled somewhat while in Newark recently.

Sheriff Frizzell was the guest of Sheriff Clements while in town and the two officials made a trip together into the country. They said that the trip had nothing to do with the Wheeler case, however.

IRISH IMMIGRATION

Catholic Bishops Fearing Another Effort to Stem Tide—Circular Issued.

Dublin, Dec. 7.—The Catholic bishops of Ireland are making another attempt to stem the tide of Irish immigration. A circular signed by Cardinal Logue and Bishop Sheehan of the diocese of Waterford has been ordered to be read in the churches throughout Ireland warning the younger generation of the evils of emigration, appealing to the people not to be allured by the enticements held forth in letters from the United States, and especially dilating on the dangers that beset the path of girl emigrants.

LONG DISTANCE RACE IS NOW ON

NINETY MILE JAUNT IS TAKEN
BY ALBERT COREY AND
JOS. REPLAT.

Corey Believes He Will Lower the
Record of Eighteen Hours—Both
Men Heard From.

Milwaukee, Wis., Dec. 7.—The long distance race from Milwaukee to Chicago is on. The two runners, Albert Corey and Joseph Replat, were sent off from the front of the Wells building at 11:05 Wednesday night. The men were followed by President Linger of the Central A. A. U. and President Wilmer Seg of the Milwaukee Athletic club in automobiles. Both runners wore sweaters, a cap, short knee breeches and running shoes.

Corey, before they started, expressed the opinion that the record time for the distance of 18 hours would be cut three or four hours. This would bring the men into Chicago this afternoon.

The weather is ideal, the temperature being just above freezing. The distance is 90 miles.

Chicago, Dec. 7.—Albert Corey, the French long distance runner, after having been lost to sight for nearly four hours in the woods between Racine and Kenosha soon after 3 a. m. today was found again at 7 o'clock three miles north of Kenosha.

At 9:15 Corey reached Winthrop harbor, 9 miles north of Waukegan, which leaves him 44 miles more to go to reach Chicago. At this place he stopped ten minutes for a rub down and a breakfast of soft boiled eggs. The sun warmed up the road, softening the mud and made the course easier on his feet. Corey claimed he felt strong and that he would undoubtedly finish.

Bradley Curzon a truck driver in New York, had occasion the other day to make complaint to the police about a certain matter. The desk sergeant said by way of a joke: "That's a distinguished name you bear. Any relation to Lord Curzon?" The complainant answered quietly: "I am his cousin," but refused to discuss the relationship further. The man's appearance clearly indicates he has not been accustomed to his present humble mode of living.

THREE ARSONISTS

Found Guilty Will Land in Pen—
Wife's Plot to Defraud Husband
Ends Badly.

Columbus, Dec. 7.—State Fire Marshal Davis has been notified of the conviction for arson at Ironton of Mr. and Mrs. Charles Lenz and James Dixon.

The story unfolded at the trial was that the woman married Lenz for his property, and as the only promising means of getting it, conspired with Dixon, said to be her paramour, to burn the house for the insurance money. Lenz was induced by his wife to go into the plot, but was to have been given what, in sporting parlance is called the "double cross" by Mrs. Lenz and Dixon.

All three will come to the penitentiary.

HULL'S PROPHECY

Of War With Japan Recalled by the
Ominous Words of Lieutenant
General Chaffee.

New York, Dec. 7.—The prediction made by General Chaffee at a public reception at Los Angeles, Cal., that this country would soon see further war is one of the main topics of discussion in military and diplomatic circles.

Lieut. General Chaffee's statement was supplemented in Washington by Rear Admiral George A. Converse, chief of the bureau of navigation who said: "Willingly or unwillingly, the nation has assumed responsibilities, the burden of which we may not evade. We must play the game."

The statements of Chaffee and Converse recall the utterances last March of Congressman John A. T. Hull, who declared that the United States will have trouble with Japan, and likely a war over the Philippines in the near future. The Congressman said then that in Washington and various European capitals the opinion was entertained that if Japan should win in her struggle with Russia she would proceed to the immediate task of driving Occidentals out of landed possessions in the far East.

"The Japanese need the Philippines," said Congressman Hull, "and they are certain that they could wrest them from us. The United States must be powerful enough on the Pacific to keep Japan in fear of our navy or else we can never hope to retain the islands."

MR. GILMAN'S FUNERAL.
